FY 2020-21 Notice of Funding Availability (NOFA) and Requests for Proposals (RFP)

The City of Cupertino has issued the fiscal year [\(FY\) 2020-21 Notice of Funding Availability \(NOFA\) and Requests for Proposals \(RFP\)](#). The City is requesting proposals for eligible capital housing projects and public service programs. The City may award and appropriate funds to one or more eligible projects in each funding category. Funds must be used to serve low- and/or moderate-income households located within the City of Cupertino jurisdiction limits.

The following Capital Housing Project funding sources are on a one-year grant funding cycle (FY 20/21):

1. Below Market Rate (BMR) Affordable Housing Fund (AHF) Capital Housing Projects (up to \$6,000,000)
2. Community Development Block Grant (CDBG) Capital Housing Projects (approx. \$245,000)

The following Public Services funding sources are on a three-year grant funding cycle (FY 20/21, 21/22, & 22/23):

1. BMR AHF Public Services (up to \$50,000)
2. CDBG Public Services (approx. \$55,000)
3. General Fund Human Services Grant (HSG) Program (up to \$100,000)

The estimated CDBG dollar amounts may change based upon the final federal budget approved by Congress. BMR AHF, CDBG, and HSG allocations are subject to City Council approval and may change as a result. **The RFP application period will open at 8:00 a.m. on Tuesday, November 12, 2019 and will end at 5:00 p.m. on Friday, February 7, 2020.** Organizations who intend to apply for funds must apply [online](#). For additional questions, please contact Housing Manager Kerri Heusler at kerrih@cupertino.org or (408) 777-3251.

CIP Project Status Report

The attached milestone schedule shows the progress of current Capital Improvement Program projects throughout the City. The projects are organized into one of four categories: Bicycle & Pedestrian, Parks, Facility, and Right-of-Way, and includes active projects as well as funded projects that will begin later this fiscal year. Subsequent phases or segments of Bicycle/Pedestrian projects are included, provided that Council authorizes additional future funding. The attachment shows the original schedules. When the current schedule deviates from the original schedule, there is a row showing the original schedule with a revision date. Notable accomplishments include:

- Completion of Phase 1a & 1b (Stelling to Imperial) McClellan Separated Bikeway Project
- Asphalt Paving of Portal Avenue in preparation for the Bike Boulevard Phase 1 & 2 interim improvements
- Started the sidewalk construction on Bryne Avenue
- Completion of the McClellan Road Sidewalk Improvements (San Leandro to Orange & Hwy 85 to Rose Blossom)
- Completion of the Carmen Road Feasibility Study (Council consideration on 11/5/19)
- Substantial completion of the McClellan West Parking Lot

Bike Share Pilot Program Update

In November 2018, the City Council approved an 18-month bike share pilot program to allow for private bike share companies to operate public fleets in Cupertino. The goal was to provide clean and healthy transportation options to Cupertino at no cost to the City. At the time, it was anticipated that several bike share companies would apply for permits to launch and operate human-powered and electric-assist bike share programs. Guidelines were established to address potential issues such as bicycles blocking sidewalks, driveways, and other nuisances. The guidelines were executed on March 6, 2019 and the pilot program is in its 7th month (of 18 months).

At this time, no vendors have applied for permits and—due to changes in the mobility industry—it is unlikely a private vendor will seek to launch a system in Cupertino. Due to the rapid growth of e-scooter sharing, many companies that previously operated bike share have shifted towards e-scooters, with most leaving the bike sharing industry entirely. At the current time no e-scooter companies have expressed an interest in launching e-scooter sharing in Cupertino, however, staff is monitoring the situation and will report back with an update and recommendations if that changes.

Applications Now Open for the Sustainability Grants for Students Program

The Sustainability Commission is accepting applications for its Sustainability Grants for Students Program! Now in its second year, the program provides monetary grants up to \$500 to Cupertino-area students in grades K-12 to assist them in discovering, promoting, and implementing programs or projects that assist the City in combatting climate change and supporting our Climate Action Plan. Applicants need not reside in the City of Cupertino, however, the impact of the program/project should reduce greenhouse gas emissions in the City of Cupertino. Grant awardees in 2018 were: John F. Kennedy Middle School, Green Commuters Project; DeVargas Elementary, Kindergarten Garden Project; and Rolling Hills 4-H Club, Native Plant Education Project.

The deadline to apply is Friday, November 15, 2019 at 12:00 p.m. Learn more and download the application [here](#), or see the attachment. For any questions, contact the Cupertino Sustainability Division by emailing sustainability@cupertino.org.

Block Leaders Learn All About Green

It was a full house at the last Block Leader meeting with nearly 100 participants learning how to recycle, compost, take action on the Climate Crisis, apply for energy-saving equipment rebates, and more. Thanks to the Green Team (Andre, Lauren, and Ursula from the Sustainability and Environmental Programs) for sharing their knowledge and organizing a Jeopardy-style Climate Action activity that focused on local and global climate impacts and solutions. Block Leaders worked collaboratively in table groups (Emergency Reporting Zones) to take part in the activity and several have reported they will play the game with neighbors at their next gatherings.

City Awarded Gold Level Beacon Award for Leadership on Climate Change

The City is pleased to announce that Cupertino was one of twelve cities selected for a Beacon Award from the Institute of Local Government. The Beacon Program recognizes voluntary action by local governments in California for best practices in addressing climate change and promoting sustainability in their communities. Cupertino earned the Gold Level Beacon Award this year based on the following achievements:

- [Beacon Spotlight Platinum Level Award](#) in 2017 for achieving 23% greenhouse gas reduction in municipal operations comparing 2010 to 2015.
- [Beacon Spotlight Gold Level Award](#) in 2017 for achieving 13% greenhouse gas reduction community-wide comparing 2010 to 2015.
- [Beacon Spotlight Platinum Level Award](#) in 2016 for achieving 22% energy savings in our municipal buildings.
- [Beacon Spotlight Platinum Level Award](#) for Sustainability Best Practices.

Mayor Scharf accepted the award at a special ceremony at the League of California Cities Annual Conference in Long Beach on October 17. Councilmember Paul and City Manager Deb Feng were in attendance. This is a huge accomplishment for the City, and it publicly acknowledges the leadership and efforts the City has taken to reduce greenhouse gas emissions and conserve energy.

Wildlife & Harvest Day 2019

On Saturday, October 19, the annual Wildlife & Harvest Day was held at Blackberry Farm. The event is a collaboration between the Parks and Recreation Department and the Santa Clara Valley Audubon Society. More than 1,500 families came out to Blackberry Farm and enjoyed live music by Peter Apel, games, crafts, live animal shows, bird house building, food trucks, a Rolling Hills 4H petting zoo, face painting, inflatable archery, a pumpkin patch, and much more!

Sustainability Grants for Students

The Cupertino Sustainability Commission is excited to announce the Sustainability Grants for Students Program! This program provides monetary grants up to \$500 to Cupertino-area students in grades K-12 to assist them in discovering, promoting, and implementing programs or projects that combat climate change and assist the City in reducing greenhouse gas emissions as referenced in [Cupertino's Climate Action Plan](#).

Deadline: Friday, November 15, 2019 at 12:00 noon

Applicants need not reside in the City of Cupertino. However, the impact of the program/project should reduce greenhouse gas emissions in the City of Cupertino. The application can be found on the City website at: www.cupertino.org/sustainability.

Examples of programs or projects the Sustainability Grants for Students Program can help fund:

- Programs that help conserve energy or water or help bring awareness to conserving energy or water
- Programs that encourage walking or biking to school
- Implementation of a recycling and composting program
- Installation of a native plant garden
- Utilization of a reusable product to replace a disposable one
- Other topics that support sustainability

If you have any questions, please contact the Cupertino Sustainability Division via email at sustainability@cupertino.org.

POVERTY SIMULATION

SATURDAY, NOVEMBER 2
10:00 A.M. - NOON

CUPERTINO SENIOR CENTER
21251 STEVENS CREEK BLVD

Silicon Valley is one of the most affluent areas in the United States, yet poverty runs deeper than one may think. According to recent reports, more than 30% of Santa Clara County residents cannot afford basic necessities each month without financial assistance.

The Poverty Simulation immerses participants in the reality of a Silicon Valley that grows in disparity as much as prosperity. During the simulation, participants work to overcome barriers to social services, live off insufficient income, and encounter unforeseen economic obstacles along the way.
