General City News and Updates

1. City Communications Regarding COVID-19 (Coronavirus)

The City of Cupertino continues to monitor the effects of the coronavirus (COVID-19) as the safety of our residents remains our highest priority. All City facilities remain closed until further notice. While City Hall is closed to the public, the City continues to provide essential services online at cupertino.org and by phone at (408) 777-3200. These essential services include responding to 311 requests and maintaining the City's infrastructure, among others. For detailed and up-to-date information regarding COVID-19, visit [U.S. Centers for Disease Control and Prevention \(CDC\)](https://www.cdc.gov) and [Santa Clara County Public Health Department](https://www.sccphd.org).

2. Free Flu Shots Every Saturday at Santa Clara County Fairgrounds

Free flu shots are being administered every Saturday through mid-December from 9 a.m. to 4 p.m. at the Santa Clara County Fairgrounds Expo Hall in San Jose. The car entrance for general parking is located at Gate D (2542 Monterey Road) while the pedestrian entrance and disabled parking is located at Gate B (344 Tully Road). Shots are available at this location for anyone age three years and older. Children aged three to 17 must be accompanied by a parent or guardian. Younger children should get a shot from their regular pediatrician. No appointments are needed, and all are welcome regardless of immigration status.

It is especially important to get a flu shot during the COVID-19 pandemic. Reducing the overall burden of respiratory illnesses is important to protect vulnerable populations at risk for severe illness, the healthcare system, and other critical infrastructure.

For more information, visit [sccphd.org/flu](https://www.sccphd.org/flu).

3. Neighborhood Traffic Calming Program

Due to rising public interest and concerns about speeding and cut-through traffic in Cupertino's residential neighborhoods, the City of Cupertino's Transportation Division has developed a Neighborhood Traffic Calming Program (NTCP).

Traffic calming is a form of managing traffic through a combination a physical roadway features that may alter driver behavior, improve conditions for non-motorized street users, and reduce the negative effects of motor vehicle use.

The NTCP establishes a consistent set of guidelines to provide residents and property owners with a means to obtain relief from traffic-related concerns. This is accomplished through a structured, six step planning process. Each step is as follows:

- Initial inquiry or petition by residents
- Traffic study of requested location
- Neighborhood meeting with affected residents and property owners
- Circulation of postcard survey to households
- Approval by staff and the City Council
- Installation of traffic calming devices

After the project has been approved for installation, it will be placed on a program prioritized list for implementation. The total process from initial inquiry to installation can occur within four to six months depending on complexity. City Council has budgeted \$200,000 per year toward the program. Project will be implemented until available funding is depleted. Projects not funded for a specific funding cycle shall be re-evaluated and shall compete on an annual basis with any new eligible installation on a program priority basis.

More information about the program, as well as a link to the complete guidelines, can be found at cupertino.org/ntcp.

4. **Traffic Operations Center Upgrades**

The Infrastructure Division of the City's Innovation Technology (IT) Department has finished upgrading and updating the Traffic Operations Center (TOC) Network.

The project consisted of installing new network equipment and updating network topology to resolve historical configuration issues. The new equipment installed included core networking switches and firewalls.

This update in TOC infrastructure ensures best configuration practices are followed as well as ensuring that the City is ready to move forward with potential future smart traffic controls and related devices.

With this project, IT staff worked with the City's Traffic Division of the Public Works Department to modernize their core network infrastructure.

5. **City to Receive Platinum Award for Leadership on Climate Change**

The City is pleased to announce that Cupertino is one of six cities to be recognized with a Beacon Vanguard Award from the Institute for Local Government (ILG) for achievements in climate action. The Beacon Vanguard Award is the highest honor a city can achieve in the

ILG's Beacon Program. Cupertino joins a cohort of only four cities across the state to have earned this honor at the Platinum level.

The [Beacon Program](#) recognizes voluntary action by local governments in California for best practices in addressing climate change and promoting sustainability in their communities. A city earns a Beacon Vanguard Award after receiving an award in all five Spotlight categories and completing a climate action plan. Cupertino earned the Vanguard Platinum Award this year based on the following achievements:

- Platinum Level Award in 2020 for 24% Community Greenhouse Gas Reductions comparing 2010 to 2018
- Platinum Level Award in 2017 for 23% Agency Greenhouse Gas Reductions comparing 2010 to 2015
- Platinum Level Award in 2016 for 22% Agency Energy Savings
- Platinum Level Award in 2016 for Sustainability Best Practices

The award will be presented during a special reception coinciding with the League of California Cities' Annual Conference. Our achievement will also be recognized during the Statewide Energy Efficiency Collaborative Virtual Forum. Both events will be broadcast virtually via Zoom:

- Thursday, October 8, 5 p.m.: Virtual League of California Cities Annual Conference (Beacon Awards ceremony premiere)
 - This ceremony is open to the public, but registration is required (see below for 2020 Beacon Ceremony invitation)
 - Register at <https://zoom.us/meeting/register/tJ0tdeGtpjIjH9MRtAGdjfabnAis61f2zAsn>
- Tuesday, October 27, 1 p.m.: Virtual Statewide Energy Efficiency Forum
 - Register at https://lgc.zoom.us/webinar/register/WN_-PXse_7ERUSvntBNlxZIww

Mayor Steven Scharf will accept the award virtually on October 8 at a special ceremony at the League of California Cities Annual Conference.

This is a huge accomplishment for the City, and it publicly acknowledges the leadership and efforts the City has taken to reduce greenhouse gas emissions.

6. **Below Market Rate Program Workshop Available Online**

On September 14, the City of Cupertino's Housing Division joined with Hello Housing to host the annual Below Market Rate (BMR) Program Informational Workshop. Sixty members of the public joined the virtual workshop for an overview of the BMR Ownership and Rental programs, how to join the 2021 waitlist, requirements of the program, and more about the eligibility process. The 2021 waitlist and application period will be open during the month of October. In case you missed it, view the [BMR Workshop presentation](#). For more information, contact Housing Manager Kerri Heusler at kerrih@cupertino.org or (408) 777-3251.

7. **Block Leaders Learn about Preparing for Wildfires**

The Block Leader webinar, “Wildfires and Go Kits: Prepare Your Home and Yourself,” was a success with about 100 participants and live viewers.

The session included information from Santa Clara County Fire Department (SCCFC) Information Specialist Luisa Rapport who provided updates on the current wildfires, how to create defensible spaces, and preparing for the possibility of evacuation. She also reviewed how to stay informed during a critical incident through [AlertSCC](#) and explained the differences between an Evacuation Order and Evacuation Warning.

The City’s Citizen Corps Coordinator Ken Ericksen shared tips on how to be more prepared, including necessary items for Emergency Go Kits and future Family Radio Service (FRS) radio training. Ken was joined by Emergency Services Coordinator Tom Chin, CARES Representative Jim Oberhofer, and CERT Representative and Block Leader Al Boleda. Cupertino’s Block Leader Coordinator Laura Domondon Lee moderated the session.

View the [webinar](#) and [presentation materials](#), and find more on the [Block Leader page](#).

Business Updates

1. **Urgency Ordinance Temporarily Waives Certain Permit Fees**

To support local businesses in their advertising efforts, the City is waiving the \$384 permitting fees for temporary sign permits. Businesses must comply with existing regulations and guidelines that can be viewed [here](#).

2. **Emergency Assistance Funds for Tenants Impacted by COVID-19**

City of Cupertino and Meriwest Credit Union Emergency Assistance Funds

The City of Cupertino has partnered with Meriwest Credit Union to provide \$100,000 in emergency assistance loan funds to Cupertino tenants impacted by COVID-19. Eligible households can receive up to \$3,000 in loan funds on a first-come first-serve basis while funds are available. Household income may not exceed 100% of the Area Median Income (AMI). For more information, call 1-877-MERIWEST (637-4937) or visit <https://www.meriwest.com/our-story/press-releases/cupertino-rental-assistance-program>.

West Valley Community Services Emergency Assistance Funds

The City of Cupertino contributed \$50,000 in emergency assistance funds to West Valley Community Services (WVCS) to assist Cupertino tenants impacted by COVID-19. Eligible households can receive up to \$3,000 in grant funds on a first-come first-serve basis while funds are available. Household income may not exceed 100% AMI. Contact WVCS for more information, referrals, and services at recert@wvcommunityservices.org or (408) 366-6092.

3. **Changes in Cupertino Businesses**

We are sad to see Doppio Zero leave Cupertino to relocate elsewhere, but we look forward to a new pizzeria operator moving into the space.

Please welcome new Cupertino business:

- Egghead Café (19929 Stevens Creek Boulevard)

Coming soon:

- Tiger Sugar Boba (The Marketplace, 19620 Stevens Creek Boulevard #180)
- Hui Lau Shan (The Marketplace, 19620 Stevens Creek Boulevard #190)

4. **Additional Business Updates and Reminders**

- The City will be issuing 37 Small Business Emergency Relief Grants at the end of this week. A final list of grant recipients will be posted on the City's website once grants have been accepted.
- Under the County's current [Health Order](#), restaurants are not allowed to operate indoors. The Order states, "The following businesses must remain closed because they pose a particularly high risk of COVID-19 transmission:
 - Any indoor facility that is used for an activity leading to removal of a face covering. This means that if you would normally go to the facility to participate in an activity that cannot be done with a face covering on, the facility cannot open, because the risk of transmission is too high when people are together indoors without face coverings. Examples: indoor dining, indoor swimming pools, heated exercise facilities, and smoking lounges." Click [here](#) for more details.
- Last month the Santa Clara County Board of Supervisors adopted an urgency ordinance issuing citations against individuals and businesses for violating health code regulations including not wearing a face covering in public and not practicing social distancing. Under this ordinance, businesses that do not comply with the County's COVID-19 Health Order may have to pay \$250 to \$5,000 in fines per day. Click [here](#) to view the ordinance.

Santa Clara County Community and Business Engagement Enforcement Officers will be visiting South Bay cities to provide information on the importance of wearing face coverings to prevent the spread of COVID-19. Please be aware they should identify themselves and will not ask to collect fines or payments in person. If you are concerned of a potential scam, contact the Santa Clara County Sheriff's Office at (408) 868-6600 or visit scccovidconcerns.org for more information.

- City staff continues to distribute disposable masks to local businesses and community groups for use by workers and residents.
- Each year, the Cupertino Chamber of Commerce recognizes the outstanding people, organizations, and businesses in our community. This year's STAR Awards recipients are:
 - Citizen of the Year: Josh Selo, West Valley Community Services
 - Non-Profit of the Year: West Valley Community Services
 - Business of the Year: Rotary Club of Cupertino
 - President's Award: Marieann Shovlin, League of Women Voters

- STAR of Cupertino Award: Patrick Ahrens
- STAR of Cupertino Award: Darcy Paul
- STAR of Cupertino Award: Dr. Andy Wen
- City of Cupertino Employee of the Year: Amanda Hui, Cupertino Senior Center
- Cupertino Union High School District Educator of the Year: Stacy Smith, Garden Gate
- Fremont Union High School District Educator of the Year: Sushma Bana, Monta Vista
- De Anza College Educator of the Year: Brandon Gainer, Communication Studies
- Santa Clara County Fire Employee of the Year: Fire Captain Jim La Fuente
- Santa Clara County Sheriff's Employee of the Year: Deputy Kraig Kitong

For more information, visit the [Cupertino Chamber of Commerce website](#).

Parks and Recreation Updates

1. Cupertino Study Hall Pilot Program

The Cupertino Parks and Recreation Department will be launching the Cupertino Study Hall pilot program beginning Tuesday, September 22. Teens from seventh grade and up may book a study time at the Portal Park Building to work on assignments socially-distanced with friends, participate in their Zoom classes, or study in a quiet environment. Sessions will be held on Tuesdays and Thursdays from 2 p.m. to 6 p.m. and admission to the program is \$5 per two-hour session. Students aged 13 years or older may sign up for the program at [reg4rec.org](#). All participants will be supervised by Cupertino Parks and Recreation staff. By holding the program in a park, the City hopes to provide teens with a change of scenery and space to study and socialize. The pilot will end on October 29, after which the program will be evaluated for potential development and expansion.

2. InfoTeeno College Crash Course Series Begins

The Cupertino Youth Activity Board launched InfoTeeno, a series of webinars meant to provide high school students and families with information about the admissions process, major selection, and college life. The first webinars, subtitled "College Crash Course," were hosted on September 13 and featured speakers from UCEazy, Elite College Prep, and Pass the Torch. The goals of the morning and afternoon webinars were to provide viewers with an overview of the college admissions process, especially during COVID-19, and talk to recent alumni about their college experiences. Over 120 teens and community members registered for the program, and participants rated the event 4.4 out of 5 stars. City staff and the Youth Activity Board are looking at expanding these webinars to include more informational categories. A recording of the "College Crash Course" will be posted on the [City of Cupertino's YouTube channel](#).

The next InfoTeeno webinar will be "Financial Preparedness." Keep an eye out on the [Parks and Recreation Department's Facebook page](#) for a forthcoming date and time.

3. Sports Center Receives Tennis Facility Recovery Grant

The City of Cupertino received a grant of \$3,400 from the United States Tennis Association

Facility Recovery Grant Fund to help cover some of the tennis-related expenses associated with reopening the Cupertino Sports Center due to COVID-19. The Sports Center was able to use this money to purchase plexiglass for the customer service area, directional and informative signs, and social distancing markers. The Sports Center reopened its tennis courts on May 11.

4. **Emergency Preparedness Bags Distributed**

September is Emergency Preparedness Month and on Friday, September 11, #CupertinoCares gave away emergency preparedness bags to Cupertino residents. Items included a flashlight, face mask, safety goggles, work gloves, poncho, emergency drinking water, whistle, and playing cards. Registration for this giveaway was required, and over 200 residents came to the Quinlan Community Center to pick up their bags.

Cupertino, CA 95014

Subject: Congratulations on Your 2020 Beacon Vanguard Award!

Dear Mayor Steven Scharf and Ms. Deborah Feng:

On behalf of the Institute for Local Government (ILG), we are pleased to announce that the City of Cupertino has been selected as one of our 2020 Beacon Vanguard Award Winners. For more than 11 years, the Beacon Program has encouraged, supported and recognized voluntary action by local governments throughout California to address climate change, promote energy innovation and create more sustainable communities. Dedication and innovation from local governments such as yours are truly making a difference.

Based on the information provided, the City of Cupertino will be receiving one of our highest awards -- a Vanguard Platinum Award -- for the following achievements:

- Platinum Level Award for 24% Community Greenhouse Gas Reductions
- Platinum Level Award for 23% Agency Greenhouse Gas Reductions
- Platinum Level Award for 22% Agency Energy Savings
- Platinum Level Award in Sustainability Best Practices

ILG is excited to celebrate this achievement during two events in October: the first is a special reception that coincides with the League of California Cities' Annual Conference and the second is the Statewide Energy Efficiency Collaborative Virtual Forum. Both events will be broadcast virtually via Zoom.

- Thursday, October 8th, 5:00 pm | Virtual League of California Cities Annual Conference (Beacon Awards ceremony premiere)
- Tuesday, October 27th, 1:00 pm | Virtual Statewide Energy Efficiency Forum

If you have any questions or need additional information please contact Kim Danko at kdanko@ca-ilg.org.

We appreciate your commitment to sustainability and your efforts to help reduce greenhouse gas emissions and save energy. We look forward to supporting and celebrating your ongoing success.

Sincerely,

Erica L. Manuel
