

Products Designed and Produced by Cupertino Businesses

Computing/Handheld:

- Computers (Hewlett Packard, Apple Computer)
- Printers (Hewlett Packard)
- Aggregation chipsets (Opulan Technologies)
- Small array microphone technology (Fortemedia)
- Compression technology (Qpixel Technology)
- Internet Protocol Products, development kits, and design services (Agate Logic)
- Mobile computers and scanners (Hand Held Products)
- System-on-chip products (SandForce Inc.)
- Wireless audio semiconductor chips (Kleer)
- Semiconductor solutions and test systems (Verigy)
- Variety of computer software (Cupertino has more than 56 computer software companies)
- Video and media high quality display processing systems (Socraft Inc.)
- Soldering technology (Senju Comtek Corp.)
- MP3's/Ipods (Apple Computer)

Communication/Networking:

- IT Systems and networks (NEC Fiber Optech Inc.)
- Network security products and security software (Symantec, ArcSight, UUDynamics, Mistletoe Technologies)
- Cable products, systems, and services for end-to-end connection of broadband and satellite (Scientific Atlanta)
- Variety of cellular phones, communication products, and wireless devices (Cupertino has more than 20 telecommunications businesses, such as Vocera Communications Inc. and Adomo Inc.)
- Wearable hands-free communications systems badge (Vocera Communications Inc.)
- Shield Virtual Machines for increased server security and availability (Blue Lane Technologies)
- Digital broadband test solutions for communication (Aeroflex Powell Inc.)

Health:

- Continuous Positive Airway Pressure device to treat sleep apnea (Apneon)
- Alertness products (Alertness Solutions)
- Dental replacement and improvement systems (Dental Arts)
- Biotechnology products to treat pain (Durect Corporation)
- Callos Bioactive Bone Fillers (Skeletal Kinetics)

Construction:

- Base rock, cement, and stone (Stevens Creek Quarry, Hansen Quarry)

Other:

- Temperature sensors (Precision Linear Systems Inc.)
- Motorcycles (Ducati North America Inc.)
- Coconut processing machines (Sin Yee Company Inc.)
