As the State of California gets ready for another fire season, the City of Cupertino is also thinking through the details of evacuations if the city was ever threatened. To this end, Citizens Corps is planning a communications exercise on Saturday May 21st in the western part of Cupertino (Monta Vista ARK Zone 1 area) where we will practice reporting our status and local readiness (all simulated, of course) if we had to evacuate. If you a CERT, Block Leader, Neighborhood Watch team member with an FRS radio and an interest in participating, then please join us for a preview of the exercise either of these dates:
