<u>Liability Insurance Requirements</u> Frequently Asked Questions

QUESTION: What is a certificate of liability insurance?

ANSWER: It is an insurance policy designed to provide protection in which an event holder must defend themselves against lawsuits or pay damages for bodily injury or property damage to a third party. This policy also gives protection to the venue of the event by adding them to the policy as an Additional insured. Examples, such as a slipping and falling, or damaged floors are covered by this type of policy.

QUESTION: I've been asked to list the "City of Cupertino" as an Additional Insured? What does this mean?

ANSWER: This simply means that the venue is asking you to add them to the required liability insurance policy as an insured.

The practice of adding a facility as an Additional Insured on a General Liability insurance policy is quite common. Make sure to tell your insurance agent that you need this endorsement before they give you the Certificate of Insurance.

QUESTION: Where can I find an insurance provider?

ANSWER: You can check with your homeowner's insurance carrier, or search online. There are many online insurance companies that can help you with this service. Search for "Certificate of Liability Insurance for Event" to research all your options. The City of Cupertino can provide insurance for an additional fee. Please contact the front office for more information.

QUESTION: Do insurance companies charge for this service?

ANSWER: It depends on your insurance provider. Your insurance agent will be able to help you with the fees, if applicable.

QUESTION: I'm not serving alcohol at my event. Do I need to provide insurance?

ANSWER: The number of guests in attendance, the type of event being hosted, and the facility used for your event will determine if insurance is required. Please contact the front office for more information.
